

I have always had very bad experiences in a dentist chair. Although I have very good home care I have extremely sensitive teeth. Until Dr. Prezioso, Liz and the rest of his staff, I dreaded going into a dentist office. I recently moved to CT from RI and was forced to find a new dentist. Dr. Prezioso came recommended by a colleague at work.

Not only is the office staff professional and courteous, they make every effort to accommodate schedules, work with insurance companies and offer discounts for out of pocket expenses. Dr. Prezioso and Liz, his assistant, work extremely well together. What was once a less than pleasant experience for me in visiting the dentist, has now become a place where I can trust the attention, sensitivity and expertise of my dentist

If you are in the need of a dentist, I HIGHLY recommend Prezioso Dental. You will not be sorry.
