

Dear Anthony -

aside from paying my Bill - there is no way I can thank you enough for All you have done. I KNOW you understand that if you had chosen NOT to be flexible, I NEVER would have gone to ANY dentist.
I am nearly grateful.

This gift is from me - the puppy is our dog.

(The Swan & butterfly aren't mine) but I grew the flowers... and took the pictures - printed them up - they are placemats.

They can take the heat of a dinner plate and to clean them off, use a damp sponge.

I hope they bring you some beauty.

I am truly grateful - you are a magnificent dentist and a very special Man.

● God Bless you and your family
